

User Acceptance Testing (UAT) Template

Date	20 February 2026
Team ID	LTVIP2026TMIDS77212
Project Name	FreelanceFinder: Discovering Opportunities, Unlocking Potential
Maximum Marks	4 Marks

Project Overview:

Project Name: FreelanceFinder: Discovering Opportunities, Unlocking Potential

Project Description:

SB Works is a MERN-based freelancing platform that connects clients and freelancers through secure authentication, project posting, bidding, and structured collaboration workflows.

Project Version: Version 1.0

Testing Period: 05 February 2025 to 10 February 2025

Testing Scope:

Features & Functionalities Tested:

- User Registration & Login
- Role-Based Access Control (Client / Freelancer / Admin)
- Project Posting & Management
- Project Search & Filtering
- Proposal Submission (Bidding System)
- Project Status Tracking
- File Upload & Sharing
- Review & Rating System
- Admin Dashboard Monitoring
- Notification System

User Stories Tested:

- As a user, I can register and log in securely
- As a client, I can post and manage projects
- As a freelancer, I can browse projects and submit proposals
- As a freelancer, I can update project status
- As a client, I can review and rate freelancers
- As an admin, I can monitor platform activities

Testing Environment
URL/Location: http://localhost:3000

Credentials:**Client Account:**

Email: testclient@sbworks.com

Password: Test@123

Freelancer Account:

Email: testfreelancer@sbworks.com

Password: Test@123

Admin Account:

Email: admin@sbworks.com

Password: Admin@123

Test Cases:

Test Case ID	Test Scenario	Test Steps	Expected Result	Actual Result	Pass/Fail
TC-001	User Registration	1. Open registration page 2. Enter valid details 3. Click Register	Account created successfully	Account created	Pass
TC-002	User Login	1. Enter valid credentials 2. Click Login	Redirect to dashboard	Redirected successfully	Pass
TC-003	Project Search	1. Enter project keyword 2. Click Search	Relevant projects displayed	Products displayed	Pass
TC-004	Project Posting (Client)	1. Fill project details 2. Click Submit	Project added and visible in dashboard	Project created successfully	Pass
TC-005	Proposal Submission (Freelancer)	1. Select project 2. Submit proposal	Proposal saved and visible to client	Proposal submitted	Pass
TC-006	Project Status Update	1. Update project status (Ongoing/Completed)	Status updated in system	Status updated successfully	Pass
TC-007	Invalid Login	1. Enter wrong password 2. Click Login	Error message displayed	Error shown correctly	Pass
TC-008	Review & Rating	1. Complete project 2. Submit rating	Rating saved and shown on profile	Rating recorded successfully	Pass

Bug Tracking:

Bug ID	Bug Description	Steps to Reproduce	Severity	Status	Additional Feedback
BG-001	Proposal submission delay under heavy load	1. Multiple freelancers submit proposals simultaneously 2. Observe response time	Medium	Closed	Fixed API response delay
BG-002	Project dashboard not refreshing instantly	1. Post new project 2. Check dashboard without manual refresh	Low	Closed	UI updated
BG-003	Project search slow for large dataset	1. Apply multiple filters 2. Search projects	Medium	In Progress	Optimization required
